

OBJECTIVES

GPS utilizes a team of dedicated Medical Directors, full- and part-time Attending Physicians, Nurse Practitioners and Physician Assistants to provide consistent, high-quality care to patients and residents. Whether it is implementation of a new clinical protocol, collaborating on approaches to decrease hospital re-admissions, or providing direction on vaccinations or outbreaks, GPS providers serve as clinical care partners for the entire Genesis care team at many Genesis skilled nursing and assisted living facilities.

The GPS team has become the conductors of care, orchestrating care delivery while optimizing patient and resident outcomes.

OUR MISSION

We improve the lives we touch through the delivery of high-quality health care and everyday compassion.
